Mr. A. R. Hanna
C/o First National Bank
Siloam Springs, Arkansas

Dear Sir:

The only numismatic magazine published in this country is the Numismatist published by the American Numismatic Association. Communications in regard to subscriptions, etc. should be addressed to Mr. Frank G. Duffield, 1811 Mosher Street, Baltimore, Md.

There are a few other periodicals which relate to numismatics but issued as house organs of various dealers and, in my opinion, are of limited value. A similar publication, but of real numismatic work, is the Numismatic Circular published by Spink and Son, 17, 18 Piccadilly, London, W.1. The subscription for this is Five Shillings a year.

This Society publishes from time to time monographs on numismatic subjects. These are issued somewhat irregularly but average about twelve a year. They are sent free to all our members.

Very truly yours,

Assistant to Curator

W/E
